Elegant style for modern day living

Gemini 4000 range of adjustable chairs are specifically designed to enhance any living room setting. This flexible chair is available with a choice of two seat widths and two seat depths. The width can be altered by replacing the removable arm rest with alternative arms. The depth of seat can be altered by replacing the removable back rest with an alternative back. Both of the alternative arms and back rest can be purchased separately and do not alter the overall look of the chair. There is a choice of two colour ways in two-tone fabrics (Chocolate or Taupe). The backrest, seat and leg rest fabric can be removed for washing or replacement. With a large selection of accessories such as a reversible tray and magazine holder and a long guarantee, we believe the Gemini to be one of the most comfortable and flexible rise and recline chairs in today's market place.

Gemini adjustable chairs
are available in two widths
two depths and two colours

Established in 2000, Action Assist provides a quality specialist bed and chair service, throughout the UK.

Our aim is to offer the best solutions available to meet the varying needs and requirements of our customers. To this end we remain very flexible in our approach and are able to offer bespoke solutions where applicable.

Working closely with healthcare professionals and assessing their requirements in relation to individual clients, we offer our expertise in terms of equipment and solutions.

With this in mind we are introducing the new Gemini range of modern rise and recline chairs, designed for comfort and independence. With the easy to use handset the positions of the backrest and leg rest can be independently adjusted to find your perfect comfort level. By simply pushing a single button the chair can be elevated to a standing position. The swing out/removable arms further enhancing easy access in and out of the chair.

Our team of vastly experienced sales advisors have many years of knowledge and experience, ensuring we offer the ultimate customer satisfaction. Our highly regarded and polite delivery team, will endeavour to install your furniture with the minimum of disturbance. They will also give comprehensive instruction on its use, so you can enjoy the full benefits for many years to come.

Warranty: 5 years - On all electrical components.
